EXPERIENCE

Bartender & Duty Manager

Oxford Group (The GoodHome Ferrymead)

📅 May 2022 – Present 📍 Christchurch

- Managed daily operations, including staff coordination and customer service, ensuring compliance with the Sale and Supply of Alcohol Act.
- Handle simultaneous customer, team, and business needs while avoiding unnecessary delays.
- Developed leadership and multitasking skills in a fast-paced environment.

Online Shopper Assistant

New World

📅 September 2019 – January 2022 📍 Palmerston North

- Completed customer grocery orders and fulfilled special requests or needs, depending on customer requirements.
- Contacted various customers daily to discuss order specifications.
- Delivered customer orders over various areas within Palmerston North.

EDUCATION

Bachelor in Software Engineering with Honours

University of Canterbury

📅 February 2021 – Present

- Expected completion: Nov 2024
- Active member of the Computer Science Society (CompSoc) and past executive committee member.

PROJECTS

Hopper

University of Canterbury

A multi-user web application developed in collaboration with seven team members, using agile methodology. Contributed to front-end development, gained experience in effective communication, and delivered a product under strict deadlines.

Timer Bot

Personal

Created a Discord bot for a community with 1000+ players to track in-game boss timers. Developed using Java and integrated into the community discord server, enhancing my programming skills in real-world scenarios.

SUMMARY

"I am currently in my fourth and final year studying Software Engineering and aspire to learn more surrounding the software industry, and gain valuable exposure and experience in a challenging environment."

TECHNICAL SKILLS

Java Python C Rust

JavaScript TypeScript

HTML CSS React Vue

Node.js Express.js Tailwind

SpringBoot Flask

Embedded Systems SQL Databases

Git Computer Vision Techniques

RESTful APIs

EXTRACURRICULAR

CompSoc Executive

Assistant Social Media & Marketing Representative | Developed skills in event management, teamwork, and communication.

Quiz Host

The GoodHome Ferrymead | Hosted weekly quizzes, gaining public speaking and organizational experience.

House Captain

Developed leadership, motivational, and team-building skills as one of the house captains at my high school.

Peer Support Mentor

Provided mentorship to junior students, enhancing communication and teaching skills.

REFEREES

Kalib Jackson

In-Kind Product Donation Web Application

University of Canterbury

A full-year project for an external client, responsible for requirements, design, development, and management. Built with Python (Flask), SQLite, SQLAlchemy, Vue, and TypeScript.

Real-Time Face Mask Detection System

University of Canterbury

Developed a system using computer vision to detect face masks. Utilised a pre-labelled dataset, data augmentation, and trained a YOLOv8 nano model. Implemented with Python and OpenCV.

Website / Portfolio

Personal

Developed a personal website using modern front-end frameworks (React & Tailwind) to showcase my projects and skills. Check it out at: <https://benmeneghini.me>
