- Contacted various customers daily to discuss order specifications.
- Delivered customer orders over various areas within Palmerston North.

EDUCATION

Bachelor in Software Engineering with Honours

University of Canterbury

📅 February 2021 – Present

I am currently in my fourth year of studying and expect to complete my studies in November. I am a keen student who has joined several clubs within the last three years of studying at the University, and I was also involved in the executive committee for the Computer Science Society.

PROJECTS

Hopper

University of Canterbury

This project is a multi-user web application that I completed with a group of seven other individuals. The period that I have been working on this project, has given me valuable experience working within an agile team and has highlighted the importance of effective communication to deliver a viable product.

Timer Bot

Personal

During my years of playing a specific mobile game, I noticed the lack of ease-of-use applications used to time the bosses within the

SUMMARY

"I am currently in my fourth and final year studying Software Engineering and aspire to learn more surrounding the software industry, and gain valuable exposure and experience in a corporate environment."

SKILLS

Java   Python   C

JavaScript   TypeScript

HTML   CSS   React

Node.js   Express.js   Tailwind

Embedded Systems   SQL Databases

Git

EXTRACURRICULAR

CompSoc General Executive
As the Assistant Social Media & Marketing Representative, I have honed my teamwork, event planning, and management skills while expanding my network through interactions with diverse peers and professionals.

House Captain
Being voted in to represent my house as the house captain in high school provided me with great leadership and public speaking experience.

Peer Support Mentor
Being a peer support mentor to juniors at my high school was a challenging experience that enhanced my communication skills and provided valuable insights into diverse learning styles and abilities.
